

English

- We're following on with our work from last week, again looking at the story 'Taking Flight' (found at <https://www.literacysshed.com/takingflight.html>). This week I would like you to write a brand new adventure for Tony, his Grandad and his Dad. Where will they go? What will they get up to? Can you describe the setting? What will the wagon turn into to get them to your destination? I am looking for full sentences, including capital letters, finger spaces, full stops and exclamation marks. Can you also draw a picture of the setting for your new adventure?
- Please practise some handwriting this week. Use the handwriting families worksheet provided on the website to help (each family follows the same movement). Make sure you are sitting correctly and are starting and ending each letter in the correct place. The rhymes for each letter are also on the website.

DT

- Can you make a model boat? Have a go at making it sail (if you can).

PE

- Practise throwing and catching a ball. Is it easier to catch a smaller ball or a bigger ball?

Phonics, reading and spelling (continue each week)

- Continue to learn sounds using www.phonicsplay.co.uk. Focus on phase 3 including tricky words before moving onto phase 4 and 5.
- Use the following link to access reading materials: <https://www.oxfordowl.co.uk/for-home/find-a-book/library-page/>. Please read as much as possible! The Read, Write, INC. books are linked with the sounds we learn in phonics and it would be beneficial to read books with sounds that you need to practise, see if you can spot the special friends! There are also questions to answer in each book to develop comprehension skills.
- Use spelling shed to practise your spellings. <https://www.spellingshed.com/en-gb>

Year 1 Home Learning Activities Travel and Transport- Week 5

RE

- We have been looking at lots of different places of worship this half term. This week I would like you to think about why places of worship are important. Why are they special? How do people feel when they visit places of worship? Write down any key words you come up with.

Maths

- Continue to access weekly lessons from <https://whiterosemaths.com/homelearning/year-1/>
- Follow lessons from WC 11.05.2020.
- Can you write some of your own maths word problems for me to solve?

Music

- Use junk materials to make your own maraca! What does it sound like when you shake it hard? What does it sound like when you shake it gently? Have fun exploring!

Science

- This week we are going to think about what different animals eat by looking at food chains. Research a simple food chain and draw it out. What do all food chains start

The most important
thing to wear
is a smile.

Anna Taylor

Geography

- Last week you looked around Ellington on google maps. This week, if you can, please go on a walk around your local area. See what you can spot using the key words list found on the website (you don't have to find everything but think about why Ellington/your local area might not have some of these things).
