

Dear Parents/Carers,

In Reception we do lots of practical activities including pencil control, cutting skills, matching, sorting, ordering and colouring. I have put together a pack of different practical activities that your child could do at home. Each week there will also be online learning on our school website and I will refer to the pack for some of the activities but feel free to do this pack at your leisure. Please do not feel like you have to complete the whole pack as it is just to give you a range of different ideas and activities that we do in school. Lots of our maths task will be practical activities so please take pictures of your child completing them. Our topic this term is 'People Who Help Us' so you could also do your own activities related to this.

I would love to see what you have been up to so please send any pictures to:

Thank you for your continued support,

Miss Nicholson.
