

English/Art:

• This week we would like you to create your own adventure story based on The Magic Faraway Tree: Which of the characters will you meet on your climb up the tree? What amazing magical land will be at the top? What adventures will you have there? You can use the characters from the real story or make up your own. You could also use the setting description that you wrote last week. If you don't want to write your story, you could draw it or make an audio recording of it to send to us.

- Learn about the homophones their, there and they're using this [video](#). Have a go at the activities and quiz underneath.
- Practise this week's spelling list on www.spellingshed.co.uk

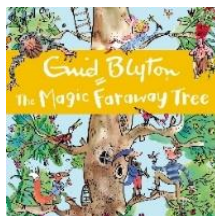

DT

- Have a go at designing and making a pop up card! [Instructions are on this website.](#)
- You need to think carefully about the theme of your card. What do you want to pop out when you open the card? You could think about the Magic Faraway Tree or our seaside topic for inspiration.

Maths:

- Watch the daily video on [White Rose Maths](#) and follow the lesson links to the [BBC lessons](#) or complete the White Rose Worksheets.
- Play games on [Numbots](#).
- Use [BBC 'Supermovers'](#) to learn about capacity and volume.
- Continue to learn your 2, 3, 4, 5 and 10 times tables: use [Times Table Rockstars](#) and ['Hit the Button'](#).

**Year 2 planning:
Week beginning
29th June**

Reading:

- Share a book every day.
- Continue to [listen](#) to a chapter of 'The Magic Faraway Tree' by Enid Blyton each day.

Geography:

- Look through the 'Features of the Seaside' Powerpoint. It will recap some key words and you can sort out which features are 'human' and which are 'physical'. Record some of your learning on the 'Features of the seaside' activity sheet.
- Follow the instructions to make a 'Seaside in a jar'.

Computing:

- Open up the 'Computer Art - PC Pop Art' Powerpoint and read about Andy Warhol's work.
- As last week, go to www.school360.co.uk, log in and then go to Busy Things. Click on the year 2 set up, and then look at 'my assignments'. This week I have set you a task where you need to try to recreate an Andy Warhol print. Good luck!

Science:

- Use the Powerpoint to learn about changing the shape of materials.
- Have a go at changing materials at home by bending, stretching, squashing or twisting. You can use the ideas on the worksheet or choose some of your own.

PSHE/Wellbeing:

- Draw a large star and write or draw all of your talents in it.
- Draw yourself and ask your friends and family to give you words that describe what they like about you to write around it.

Religious Education:

- Read the fact sheets to find out about the Jewish celebration of Shavuot. There are some questions for you to answer about what you have read. There are 3 levels of challenge to choose from.

Physical Education:

- There are lots of fantastic activity ideas on the NHS 'Change for Life' website. The 10 minute Shake Up activities are fun. I enjoyed the ['Yoga Yak'](#) activity inspired by the film Zootropolis.

We would love to see any pictures and videos from your week! Email year2.ellington@school360.co.uk
