

Life Cycle of a Rabbit Zigzag Book

To make your zigzag book, cut along the outline of the book. Starting at the rabbit face on the left side, fold along each vertical, dotted fold line. Gather your book together, making sure that the rabbit face illustration can be fully seen on the outside of the closed book.

To make your zigzag book, cut along the outline of the book. Starting at the rabbit face on the left side, fold along each vertical, dotted fold line. Gather your book together, making sure that the rabbit face illustration can be fully seen on the outside of the closed book. Then cut out the pictures of the rabbit's life cycle and stick them onto the blank boxes in the right order.
