

Layers of the Rainforest

Activity Instructions

1. Before beginning the lesson, cut out the Rainforest Animals Printable Page. Shuffle the animal pictures and place in a basket or container.
2. Read the Layers of Rainforest Facts to the children and discuss.
3. Next, call on children to help you glue the Layers of the Rainforest Cards in the correct order on the anchor chart.
4. Call on children to choose an animal picture from the basket. Then have the child decide which layer of the rainforest that animal lives in and glue the animal picture in that layer.
5. Continue calling on children until all the animal pictures have been placed on the anchor chart.
