

English

Our reading text is: The Graveyard Book by Neil Gaiman. In writing, we will be writing flashback stories based on the short film 'The Piano'. We will then be doing some persuasive writing based on the fantasy world of 'Pandora'.

Science

Pupils learn about the circulatory system and focus on the heart and its structure. They will explain how the heart works as well as how diet and exercise have an impact on our health.

French

The children will continue with the unit of work, Le Weekend.

Maths

We will be exploring shape through area, perimeter and volume as well as looking at angles and linking our work on percentages to pie charts. Finally, we will be getting to grips with some simple algebra and data handling We will be revising for the KS2 SATs too.

Ellington Primary School

YEAR 6

CURRICULUM MAP

SPRING TERM 2

Geography

We will learn about renewable and non-renewable energy sources, where they come from and their impact on society, the economy and the environment.

Design & Technology

To design and make apparatus for a playground. We will then evaluate our designs to see how successful they have been.

Believe and achieve

Computing

E-Safety: Health, well-being and lifestyle and in our main lesson, we will be looking at programming and more, specifically, programmes that sense movement.

PE

Year 6 will be learning about two kinds of invasion games: hockey and basketball.

PSHE

We will continue our work on safety and the changing body then move onto our unit of work regarding citizenship.

RE

What do Christians believe Jesus did to 'save' people? We will be exploring the death of Jesus and using theological terms.
