

How to Draw the Star of David

You will need:

A pencil

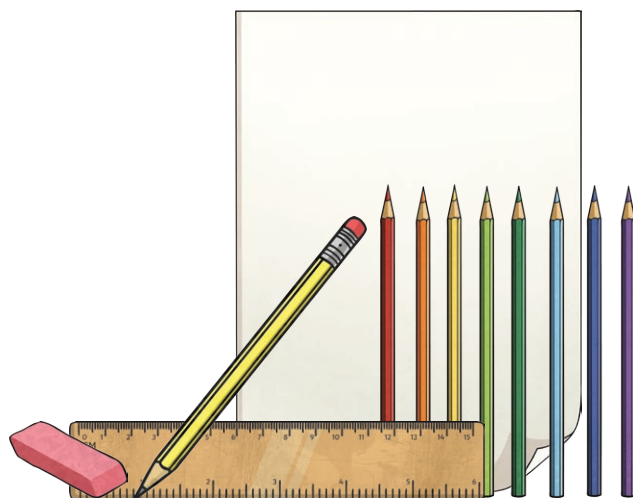

A triangle shape (optional)

A piece of paper

A ruler

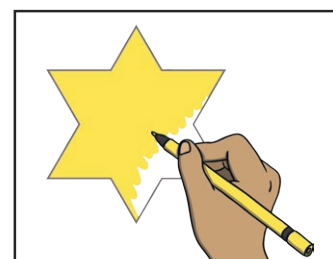

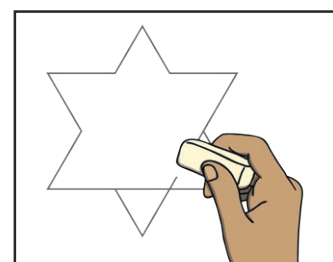

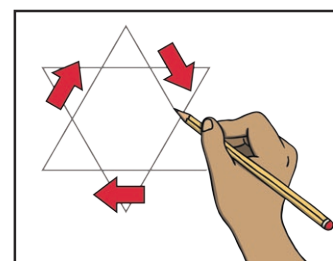

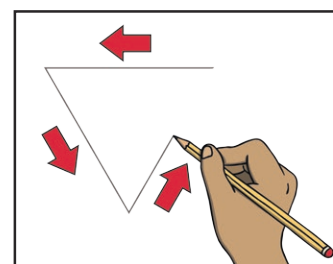

A rubber

Colouring pencils

Instructions

1. Draw an upside-down triangle. You could do this on your own or by drawing around a triangle shape.
2. Draw another triangle the correct way up on top of the other triangle, like the picture shows. Again, do this on your own or by drawing around a triangle shape.
3. Carefully use a ruler to rub out any lines that are inside the shape you have made.
4. Colour it in neatly, making sure to stay inside the lines.

How to Draw the Star of David

You will need:

A pencil

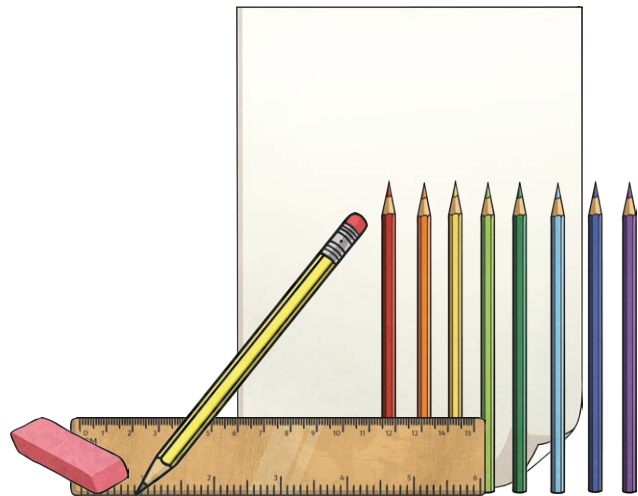

A triangle shape (optional)

A piece of paper

A ruler

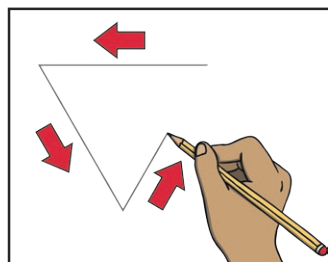

A rubber

Colouring pencils

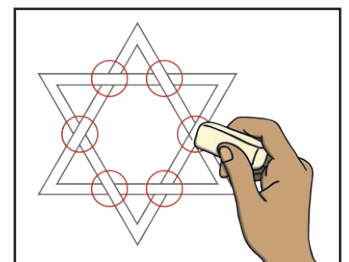

Instructions

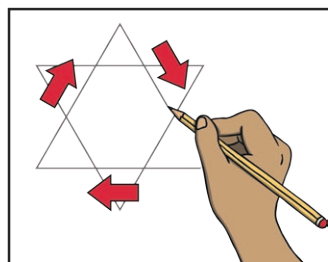

1. Draw an upside-down triangle. You could do this on your own or by drawing around a triangle shape.

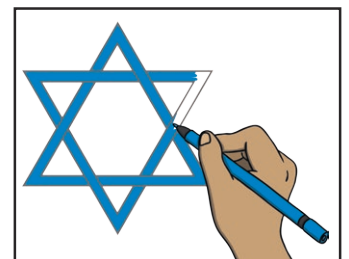

4. Carefully use a ruler to rub out any lines that are inside the 'bubble writing' effect.

2. Draw another triangle the correct way up on top of the other triangle, like the picture shows. Again, do this on your own or by drawing around a triangle shape.

5. Colour it in neatly, making sure to stay inside the lines.

3. Using a ruler, draw parallel lines next to each of the original lines. This will make your triangles look like bubble writing.
